

# Urinary and Male Genital Tumours

## 1. Forewords and introductions

**WHO Classification of Tumours: Editorial Board** (/paragraphcontent/36/334)

**How to cite this volume** (/paragraphcontent/36/333)

**Foreword with changes from the book, including corrigenda** (/paragraphcontent/36/332)

**ICD-O coding of urinary and male genital tumours** (/paragraphcontent/36/315)

**Chapter 1: Introduction to urinary and male genital tumours** (/paragraphcontent/36/1)

## 2. Tumours of the kidney

### Renal cell tumours

Renal cell tumours: Introduction (/paragraphcontent/36/4)

#### *Clear cell renal tumours*

Clear cell renal cell carcinoma (/chaptercontent/36/13)

Multilocular cystic renal neoplasm of low malignant potential (/chaptercontent/36/14)

#### *Papillary renal tumours*

Renal papillary adenoma (/chaptercontent/36/6)

Papillary renal cell carcinoma (/chaptercontent/36/7)

#### *Oncocytic and chromophobe renal tumours*

Oncocytoma of the kidney (/chaptercontent/36/17)

Chromophobe renal cell carcinoma (/chaptercontent/36/18)

Other oncocytic tumours of the kidney (/chaptercontent/36/204)

#### *Collecting duct tumours*

Collecting duct carcinoma (/chaptercontent/36/21)

#### *Other renal tumours*

Clear cell papillary renal cell tumour (/chaptercontent/36/15)

Mucinous tubular and spindle cell carcinoma (/chaptercontent/36/8)

Tubulocystic renal cell carcinoma (/chaptercontent/36/10)

Acquired cystic disease-associated renal cell carcinoma (/chaptercontent/36/11)

Eosinophilic solid and cystic renal cell carcinoma (/chaptercontent/36/23)

Renal cell carcinoma NOS (/chaptercontent/36/27)

#### *Molecularly defined renal carcinomas*

TFE3-rearranged renal cell carcinomas (/chaptercontent/36/25)

TFEB-rearranged renal cell carcinomas (/chaptercontent/36/26)

ELOC (formerly TCEB1)-mutated renal cell carcinoma (/chaptercontent/36/211)

Fumarate hydratase-deficient renal cell carcinoma (/chaptercontent/36/9)

Succinate dehydrogenase-deficient renal cell carcinoma (/chaptercontent/36/19)

ALK-rearranged renal cell carcinomas (/chaptercontent/36/311)

SMARCB1-deficient renal medullary carcinoma (/chaptercontent/36/22)

### Metanephric tumours

Metanephric adenoma (/chaptercontent/36/48)

Metanephric adenofibroma (/chaptercontent/36/49)

Metanephric stromal tumour (/chaptercontent/36/50)

### Mixed epithelial and stromal renal tumours

Mixed epithelial and stromal tumour of the kidney (/chaptercontent/36/29)

## Renal mesenchymal tumours

### *Adult renal mesenchymal tumours*

- Classic angiomyolipoma / PEComa of the kidney (/chaptercontent/36/32)
- Epithelioid angiomyolipoma / epithelioid PEComa of the kidney (/chaptercontent/36/33)
- Renal haemangioblastoma (/chaptercontent/36/243)
- Juxtaglomerular cell tumour (/chaptercontent/36/34)
- Renomedullary interstitial cell tumour (/chaptercontent/36/35)

### *Paediatric renal mesenchymal tumours*

- Ossifying renal tumour of infancy (/chaptercontent/36/38)
- Congenital mesoblastic nephroma (/chaptercontent/36/37)
- Rhabdoid tumour of the kidney (/chaptercontent/36/39)
- Clear cell sarcoma of the kidney (/chaptercontent/36/40)

## Embryonal neoplasms of the kidney

### *Nephroblastic tumours*

- Nephrogenic rests (/chaptercontent/36/43)
- Paediatric cystic nephroma (/chaptercontent/36/45)
- Cystic partially differentiated nephroblastoma (/chaptercontent/36/46)
- Nephroblastoma (/chaptercontent/36/44)

## Miscellaneous renal tumours

- Germ cell tumours of the kidney (/chaptercontent/36/53)

## 3. Tumours of the urinary tract

Tumours of the urinary tract: Introduction (/paragraphcontent/36/66)

### Urothelial tumours

#### *Non-invasive urothelial neoplasms*

- Urothelial papilloma (/chaptercontent/36/69)
- Inverted urothelial papilloma (/chaptercontent/36/70)
- Papillary urothelial neoplasm of low malignant potential (/chaptercontent/36/71)
- Non-invasive papillary urothelial carcinoma, low-grade (/chaptercontent/36/72)
- Non-invasive papillary urothelial carcinoma, high-grade (/chaptercontent/36/73)
- Urothelial carcinoma in situ (/chaptercontent/36/74)

#### *Invasive urothelial neoplasms*

- Invasive urothelial carcinoma (/chaptercontent/36/76)

### Squamous cell neoplasms of the urinary tract

- Urothelial squamous cell papilloma (/chaptercontent/36/79)

#### *Squamous cell carcinomas of the urinary tract*

- Verrucous carcinoma of the bladder (/chaptercontent/36/81)
- Pure urothelial squamous cell carcinoma (/chaptercontent/36/82)

### Glandular neoplasms

#### *Adenomas*

- Villous adenoma (/chaptercontent/36/85)

#### *Adenocarcinomas*

- Adenocarcinoma NOS (/chaptercontent/36/87)

### Urachal and diverticular neoplasms

- Urachal carcinoma (/chaptercontent/36/88)
- Diverticular carcinoma (/chaptercontent/36/330)

**Urethral neoplasms***Urethral accessory gland carcinomas*

Littre gland carcinoma of the urethra (/chaptercontent/36/227)

Skene gland carcinoma of the urethra (/chaptercontent/36/228)

Cowper gland adenocarcinoma of the urethra (/chaptercontent/36/103)

**Tumours of Mullerian type**

Clear cell adenocarcinoma of the urinary tract (/chaptercontent/36/90)

Endometrioid carcinoma of the urinary tract (/chaptercontent/36/91)

**4. Tumours of the prostate**

Tumours of the prostate: Introduction (/paragraphcontent/36/95)

**Epithelial tumours of the prostate***Glandular neoplasms of the prostate*

Prostatic cystadenoma (/chaptercontent/36/331)

High-grade prostatic intraepithelial neoplasia (/chaptercontent/36/98)

Intraductal carcinoma of the prostate (/chaptercontent/36/99)

Prostatic acinar adenocarcinoma (/chaptercontent/36/100)

Prostatic ductal adenocarcinoma (/chaptercontent/36/101)

Treatment-related neuroendocrine prostatic carcinoma (/chaptercontent/36/326)

*Squamous neoplasms of the prostate*

Adenosquamous carcinoma of the prostate (/chaptercontent/36/105)

Squamous cell carcinoma of the prostate (/chaptercontent/36/106)

Adenoid cystic (basal cell) carcinoma of the prostate (/chaptercontent/36/107)

**Mesenchymal tumours unique to the prostate***Stromal tumours of the prostate*

Prostatic stromal tumour of uncertain malignant potential (/chaptercontent/36/110)

Prostatic stromal sarcoma (/chaptercontent/36/111)

**5. Tumours of the seminal vesicle**

Tumours of the seminal vesicle: Introduction (/paragraphcontent/36/318)

**Epithelial tumours of the seminal vesicle***Glandular neoplasms of the seminal vesicle*

Cystadenoma of the seminal vesicle (/chaptercontent/36/321)

Adenocarcinoma of the seminal vesicle (/chaptercontent/36/322)

*Squamous neoplasms of the seminal vesicle*

Squamous cell carcinoma of the seminal vesicle (/chaptercontent/36/324)

**Other tumours of the seminal vesicle**

Mixed epithelial and stromal tumour of the seminal vesicle (/chaptercontent/36/327)

**6. Tumours of the testis**

Tumours of the testis: Introduction (/paragraphcontent/36/113)

**Germ cell tumours derived from germ cell neoplasia in situ***Non-invasive germ cell neoplasia*

[Germ cell neoplasia in situ \(/chaptercontent/36/116\)](#)

[Specific forms of intratubular germ cell neoplasia \(/chaptercontent/36/117\)](#)

[Gonadoblastoma \(/chaptercontent/36/157\)](#)

*The germinoma family of tumours*

[Seminoma \(/chaptercontent/36/119\)](#)

*Non-seminomatous germ cell tumours*

[Embryonal carcinoma \(/chaptercontent/36/121\)](#)

[Yolk sac tumour, postpubertal-type \(/chaptercontent/36/122\)](#)

[Choriocarcinoma \(/chaptercontent/36/124\)](#)

[Placental site trophoblastic tumour \(/chaptercontent/36/125\)](#)

[Epithelioid trophoblastic tumour \(/chaptercontent/36/126\)](#)

[Cystic trophoblastic tumour \(/chaptercontent/36/127\)](#)

[Teratoma, postpubertal-type \(/chaptercontent/36/316\)](#)

[Teratoma with somatic-type malignancy \(/chaptercontent/36/129\)](#)

*Mixed germ cell tumours of the testis*

[Mixed germ cell tumours \(/chaptercontent/36/134\)](#)

*Germ cell tumours of unknown type*

[Regressed germ cell tumours \(/chaptercontent/36/136\)](#)

### **Germ cell tumours unrelated to germ cell neoplasia in situ**

[Spermatocytic tumour \(/chaptercontent/36/138\)](#)

[Teratoma, prepubertal-type \(/chaptercontent/36/140\)](#)

[Yolk sac tumour, prepubertal-type \(/chaptercontent/36/142\)](#)

[Testicular neuroendocrine tumour, prepubertal-type \(/chaptercontent/36/130\)](#)

[Mixed teratoma and yolk sac tumour, prepubertal-type \(/chaptercontent/36/141\)](#)

### **Sex cord stromal tumours of the testis**

*Leydig cell tumour*

[Leydig cell tumour \(/chaptercontent/36/145\)](#)

*Sertoli cell tumours*

[Sertoli cell tumour \(/chaptercontent/36/147\)](#)

[Large cell calcifying Sertoli cell tumour \(/chaptercontent/36/219\)](#)

*Granulosa cell tumours*

[Adult granulosa cell tumour \(/chaptercontent/36/149\)](#)

[Juvenile granulosa cell tumour \(/chaptercontent/36/150\)](#)

*The fibroma thecoma family of tumours*

[Tumours in the fibroma thecoma group \(/chaptercontent/36/152\)](#)

*Mixed and other sex cord stromal tumours*

[Mixed sex cord stromal tumour \(/chaptercontent/36/154\)](#)

[Signet ring stromal tumour \(/chaptercontent/36/133\)](#)

[Myoid gonadal stromal tumour \(/chaptercontent/36/222\)](#)

[Sex cord stromal tumour NOS \(/chaptercontent/36/155\)](#)

## **7. Tumours of the testicular adnexa**

[Tumours of the testicular adnexa: Introduction \(/paragraphcontent/36/170\)](#)

*Ovarian-type tumours of the collecting ducts and rete testis*

[Serous cystadenoma \(/chaptercontent/36/160\)](#)

[Serous tumour of borderline malignancy \(/chaptercontent/36/161\)](#)

Serous cystadenocarcinoma (/chaptercontent/36/162)  
 Mucinous cystadenoma (/chaptercontent/36/163)  
 Mucinous borderline tumour (/chaptercontent/36/164)  
 Mucinous cystadenocarcinoma (/chaptercontent/36/165)  
 Endometrioid tumour (/chaptercontent/36/166)  
 Clear cell adenocarcinoma (/chaptercontent/36/167)  
 Brenner tumour (/chaptercontent/36/168)

*Tumours of the collecting ducts and rete testis*

Adenoma of the collecting ducts and rete testis (/chaptercontent/36/172)  
 Adenocarcinoma of the collecting ducts and rete testis (/chaptercontent/36/173)

*Paratesticular mesothelial tumours*

Adenomatoid tumour (/chaptercontent/36/176)  
 Well-differentiated papillary mesothelial tumour (/chaptercontent/36/178)  
 Mesothelioma (/chaptercontent/36/177)

*Tumours of the epididymis*

Cystadenoma of the epididymis (/chaptercontent/36/182)  
 Papillary cystadenoma of the epididymis (/chaptercontent/36/183)  
 Adenocarcinoma of the epididymis (/chaptercontent/36/184)  
 Squamous cell carcinoma of the epididymis (/chaptercontent/36/185)  
 Melanotic neuroectodermal tumour of the epididymis (/chaptercontent/36/186)

## 8. Tumours of the penis and scrotum

Tumours of the penis and scrotum: Introduction (/paragraphcontent/36/191)

### **Benign and precursor squamous lesions**

Condyloma acuminatum (/chaptercontent/36/193)

*Squamous cell carcinoma precursors, HPV-associated*

Penile intraepithelial neoplasia, HPV-associated (/chaptercontent/36/195)

*Squamous cell tumours and precursors, HPV-independent*

Differentiated penile intraepithelial neoplasia, HPV-independent (/chaptercontent/36/201)

### **Invasive epithelial tumours of the penis and scrotum**

*Invasive squamous epithelial tumours*

HPV-associated squamous cell carcinoma (/chaptercontent/36/203)  
 HPV-independent squamous cell carcinoma (/chaptercontent/36/208)  
 Squamous cell carcinoma NOS (/chaptercontent/36/209)

*Other epithelial tumours*

Penile adenosquamous and mucoepidermoid carcinomas (/chaptercontent/36/212)  
 Extramammary Paget disease (/chaptercontent/36/215)

### **Other scrotal tumours**

Basal cell carcinoma of the scrotum (/chaptercontent/36/312)

## 9. Neuroendocrine neoplasms

Neuroendocrine neoplasms: Introduction (/paragraphcontent/36/56)

*Neuroendocrine tumours*

Well-differentiated neuroendocrine tumour (/chaptercontent/36/58)

*Neuroendocrine carcinomas*

[Small cell neuroendocrine carcinoma \(/chaptercontent/36/61\)](#)

[Large cell neuroendocrine carcinoma \(/chaptercontent/36/60\)](#)

[Mixed neuroendocrine neoplasms \(/chaptercontent/36/62\)](#)

*Parangliomas*

[Paranglioma \(/chaptercontent/36/64\)](#)

## 10. Mesenchymal tumours

[Mesenchymal tumours: Introduction \(/paragraphcontent/36/231\)](#)

*Fibroblastic and myofibroblastic tumours*

[The angiofibroma family of tumours \(/chaptercontent/36/314\)](#)

[Solitary fibrous tumour \(/chaptercontent/36/234\)](#)

[Inflammatory myofibroblastic tumour \(/chaptercontent/36/236\)](#)

*Vascular tumours*

[Haemangioma \(/chaptercontent/36/240\)](#)

[Angiosarcoma \(/chaptercontent/36/245\)](#)

*Pericytic (perivascular) tumours*

[Glomus tumour \(/chaptercontent/36/247\)](#)

[Myointimoma \(/chaptercontent/36/248\)](#)

[Myopericytoma \(/chaptercontent/36/329\)](#)

[Extrarenal PEComa \(/chaptercontent/36/249\)](#)

*Smooth muscle tumours*

[Leiomyoma \(/chaptercontent/36/252\)](#)

[Leiomyosarcoma \(/chaptercontent/36/253\)](#)

*Skeletal muscle tumours*

[Rhabdomyosarcoma \(/chaptercontent/36/255\)](#)

*Tumours of uncertain differentiation*

[Synovial sarcoma \(/chaptercontent/36/264\)](#)

[Extrarenal rhabdoid tumour \(/chaptercontent/36/268\)](#)

[Desmoplastic small round cell tumour \(/chaptercontent/36/313\)](#)

## 11. Haematolymphoid tumours

[Haematolymphoid tumours: Introduction \(/paragraphcontent/36/271\)](#)

*Mature B-cell lymphomas*

[Extranodal marginal zone lymphoma of MALT \(/chaptercontent/36/275\)](#)

[Diffuse large B-cell lymphoma \(/chaptercontent/36/277\)](#)

[Plasmacytoma \(/chaptercontent/36/278\)](#)

*Histiocytic tumours*

[Juvenile xanthogranuloma \(/chaptercontent/36/282\)](#)

## 12. Melanocytic lesions

[Mucosal melanoma \(/chaptercontent/36/287\)](#)

## 13. Metastases in the genitourinary system

Metastases in the genitourinary system: Introduction (/paragraphcontent/36/289)

Metastasis to the urinary tract (/chaptercontent/36/291)

Metastasis to the kidney (/chaptercontent/36/290)

Metastasis to the testis and paratestis (/chaptercontent/36/292)

## 14. Genetic tumour syndromes of the urinary and male genital tracts

Genetic tumour syndromes of the urinary and male genital tracts: Introduction (/paragraphcontent/36/295)

Von Hippel-Lindau syndrome (/chaptercontent/36/297)

Birt-Hogg-Dube syndrome (/chaptercontent/36/298)

Hereditary papillary renal carcinoma (/chaptercontent/36/299)

Hereditary leiomyomatosis and renal cell carcinoma syndrome (/chaptercontent/36/300)

Succinate dehydrogenase-deficient tumour syndromes (/chaptercontent/36/302)

BAP1 tumour predisposition syndrome (/chaptercontent/36/303)

Hereditary pheochromocytoma-paraganglioma syndromes (/chaptercontent/36/304)

Tuberous sclerosis (/chaptercontent/36/305)

Genitourinary system and Lynch syndrome (/chaptercontent/36/307)

Hereditary tumour syndromes associated with homologous recombination pathway mutations (/chaptercontent/36/308)

Carney complex (/chaptercontent/36/309)

Peutz-Jeghers syndrome (/chaptercontent/36/310)
